SEEKS KHRUSHCHEV'S HELP — The Charles Schafer family of Bartlesville, Okla., sent a personal letter to Soviet Premier Nikita Khrushchev asking his help in getting Mrs. Schafer's mother, Mrs. Marija Ausins, out of Latvia. Mrs. Schafer has been trying for 10 years to cut the Reds "red tape" so she could bring her mother to the U. S. Left to right: Charles Schafer, his daughter, Daintra, and Mrs. Schafer. ## \$3.2 Billion Foreign Aid Bill Signed

WASHINGTON (AP)—President Eisenhower has signed the \$3,225,813,000 foreign aid bill. It also extends the life of the Civil Rights Commission for two years. With its signing, Eisenhower completed action on the last of the bills Congress sent him before adjourning Sept. 15. The amount of aid was \$704,182,000 less than the President had asked for military and economic help to friendly or allied countries. The Civil Rights Commission extension—the only action Congress took in that field this year—was far short of a seven-point civil rights program Eisenhower suggested to Congress last January. The catch-all bill, passed in the final hours of the session, also includes \$500,000 to operate the Civil Rights Commission, 350 millions for the highway trust fund, two millions for the Labor Department to cover the increased administrative costs of the new labor controls bill, and other minor appropriations.

## Negro Trio Is Seeking Quick Reassignment

LITTLE ROCK (AP)—Attorneys for three Negro children seeking admission to the all-white Dollarway School have asked federal court to make the Dollarway School Board act within 10 days on the students' requests for reassignment from a Negro school. The attorneys, George Howard Jr. of Pine Bluff and Robert L. Carler of New York filed the motion yesterday. They asked Judge Axel J. Beck to order the board into court if it should "fail or refuse" to act within that period. No date for a hearing on the motion was set. Charles L. Fallis, superintendent of the Dollarway school near Pine Bluff, said yesterday the Negroes had filed applications for transfer under the Arkansas pupil placement law. Back previously ordered the Negroes admitted without use of the laws but a federal appeals court reversed his decision. Under the placement laws, a student dissatisfied with his assignment may apply for reassignment. The school board must hold a hearing within 30 days and render a decision promptly. Fallis said no date for a hearing on the Negroes' request had been set. Herschel Friday Jr., school board attorney, said, "we will proceed under board regulations." Students also have the right to carry their transfer requests into court if the board action is unsatisfactory.

## Unlikely Special Session to Be Called

LITTLE ROCK (AP)—Capitol sources say it is unlikely Gov. Orval E. Faubus will call a special election to fill a Senate vacancy caused by the death Sunday of state Sen. Artie Gregory of North Little Rock. The sources pointed out that a regular election in Pulaski County, in which the county's three senate posts will be voted on, comes up next year. Faubus was not available for comment. The governor has called two special Senate elections within a year. The first was after the death of State Sen. Herbert H. Price of Pocahontas. The second is set for Oct. 28, to fill the post of the late Sen. Bob Dodson of Magnolia, who died last April.

## Circuit Court Cases Set for October 6

Hempstead Circuit Court session will be held Monday, Oct. 6 and the Jury Commissioners met yesterday and set the cases. New Commissioners are Mrs. Thomas Hays, Mrs. Cecil Cox and Cliff Briggers. The cases set include: 2883 — Era Bagwell, Adm. vs. Southern Transportation, Inc. 2896 — Kenny Ray Knox vs. Fred Scott. 2902 — Marie Morchart, et al vs. Winston Monts. 2903 — John L. Woodberry vs. John Snowden. 5086 — State of Arkansas vs. Herman Frierson. 5076 — State of Arkansas vs. Chester Lee Johnson. 5101 — State of Arkansas vs. Alvin Isaiah. 5091 — State of Arkansas vs. Winston Monts. 5092 — State of Arkansas vs. Willie Smith. 5094 — State of Arkansas vs. Willie Merrell. 5095 — State of Arkansas vs. Leonard Patton. 5102 — State of Arkansas vs. O. B. Chance.

## Electrical Co-ops Name President

JACKSONVILLE, Ark. (AP)—Milton Scott of Benton has been elected president of the First Electric co-operative, which serves 13 central Arkansas counties and 11,000 members. He succeeds Robert E. Lee Henry of Jacksonville, who was killed in an automobile accident Sept. 21. Fred West of Letona in White County, was elected to succeed Scott as vice president.

## Farming City Turned Into a Hell Hole

NAGASHIMA, Japan (AP)—This central Japanese town of 7,000 people was a prosperous farming community lying between two peaceful rivers running into the Pacific until Saturday. Now it is a hell hole. Blasted bodies—human and cattle—float in muddy, brown floodwaters that enveloped 95 per cent of Nagashima when Typhoon Vera turned the rivers into raging killers. The stench of death is everywhere. Nagashima is typical of many Japanese cities, towns and villages. The total of confirmed dead in the nation rose today to 1,710, with 1,000 missing. The typhoon was one of the worst natural disasters ever to hit the Japanese islands. Nobody knows yet how many died in Nagashima. After four days, police and rescue workers are still unable to reach many isolated patches of ground. On one patch of dry ground men, women and children huddled together, some weeping and moaning, some too shocked to whimper. Some wore only underclothes. All were smugared with mud. They stood or knelt by bodies for which even straw covering was not available. Most survivors in Nagashima haven't eaten in 3½ days.

## Letter Writing Week to Be Observed Here

The 22nd annual Letter Writing Week will be celebrated in Hope during the week of Oct. 4-10. It was announced by Postmaster Robert Wilson. "I am sure we are all aware that a personal letter is next to an actual visit, the most intimate and economical means each of us has to communicate with our fellow human beings. Accordingly, I urge everyone to 'write today to those away'." Posters, depicting a mailman in a new postal vehicle called the mailster, will be displayed in post offices throughout the country. Colorful streamers, proclaiming that "Letters are fun to send and exciting to receive" will be displayed on postal vehicles. Postmaster Wilson stated that the special week should serve as a reminder to write long-overdue letters to servicemen, hospitalized patients, foreign acquaintances, faraway friends and relatives and others who will welcome a personal letter.

## Two Arrested for Not Giving Up Party Line

CROSSETT, Ark. (AP)—Two women have been arrested here for allegedly refusing to give up a party telephone line so firemen could be summoned to a house fire which killed two children. Tom Goree, Negro, an uncle of the dead children, yesterday swore out a warrant against Mrs. Corinne Radford and Mrs. Billy Langford. After arrest they posted bonds of \$500 each and Police Judge Randolph Pettit ordered them to appear in court Thursday. Goree said he was unable to persuade the women to get off the line so he could call for aid when the sweet house—in which the victims and another child were alone—last Thursday. The third child was rescued by passersby. Refusing to relinquish a party line for an emergency call is punishable under state law by up to one year in prison or a \$250 fine.

## Hoffa Says He Will Not Oust Discredited Trio

WASHINGTON (AP)—James R. Hoffa says he won't bring union ouster charges against three Teamsters chiefs as asked by the unions court named overseers. The Teamsters president also told reporters Monday he can find only five Teamsters officials disqualified by criminal records from holding office under the new labor control law. He said they will be eligible again in January, and have been placed on leave of absence until then. The law forbids a man from holding union office within five years of a criminal conviction. Three monitors, named by federal court to check on Teamsters affairs, had recommended that Hoffa bring union ouster trials against Joey Glavin, Chicago taxi local Teamsters chief; Harold Gross, a Miami kingpin, and Anthony Provenzano, head of the New Jersey Joint Council. All had been involved in Senate labor-management committee testimony about alleged payoffs and misuse of Teamsters funds. "We have answered every one of the monitor charges in writing based on statements from the individuals involved," Hoffa said. The monitors met again with Hoffa Monday night in trying to iron out their mounting conflicts with the Teamsters president. A half-dozen court actions are in the works seeking to get Hoffa's compliance.

## Patterson Is Named by Publishers

HOT SPRINGS, Ark. (AP)—Hugh B. Patterson Jr., publisher of Little Rock's Arkansas Gazette, was elected president of the Southern Newspaper Publishers Assn. today. Patterson succeeds Charles P. Marsh Jr. of the Baton Rouge, La., State Times and Advocate. Other new officers elected at a convention of the association included Ben Hale Golden of the Chattanooga, Tenn. Times, treasurer, and Tom Tanner of Chattanooga, re-elected secretary-manager. Five new directors were elected for three-year terms on the 15-man board of directors. They were: Arkansas—Walter E. Hussman, president of the Camden News, and publisher of the Palmer newspapers in Arkansas. Florida—Robert Miller of the Jacksonville Times Union. Kentucky—J. W. Mann of the Lexington Herald Leader. South Carolina—J. Kelly Sisk of the Greenville News and Piedmont. Director at Large—Lyle B. Clay of the Charleston, W. Va., Daily Mail. Membership automatically became chairman of the board of directors. Hussman succeeded Ray Kimball of the DeQueen, Ark., Citizen. The association announced it had established a \$1,000 journalism scholarship and awarded it to the University of Texas College of Journalism which is pushing a five-year journalism development program. Clayton Rand of Gulfport, Miss., syndicated columnist, told the association in a brief address that newspapers needed a sense of cheer and humor in their columns. Rand also warned against what he called a growing tendency toward communism in the United States. He said if this trend did not change, there would be "no need to worry about the Russians taking us over, communism already will be here." A committee report, submitted to the convention today, said that national consumption of newsprint by dailies is on the rise. The report said figures for the first eight months of 1959 indicated that daily newspapers used 6.9 per cent more newsprint than during the same period last year. ## Mauelle Ordinance Works to Be Sold

DALLAS, Texas (AP)—Sale of the big Mauelle Ordinance Works near Little Rock, Ark., by open bidding is scheduled today at the General Services Administration office here. The facility, declared surplus by the Army last January, covers 5-213 acres. It was built in 1941-42 at a cost of 14 million dollars and produced chemicals and explosives. During World War II it employed more than 2,600 persons. The site is considered a good industrial location because of its many buildings, railroad tracks and water supply.

## City Flag Designer Awarded

MISS JUDY KAYE WRIGHT, daughter of Dr. and Mrs. George Wright of Hope, is shown receiving the official flag for the City of Hope, which she designed, from Mike Kelly, president of Hope Kiwanis Club. Judy Kaye's design for the official flag was judged the best in this Kiwanis project, sponsored by the Public Relations committee of the club. Shown left to right are City Manager Garland Medders, Leonard Ellis, chairman of the committee, Dale Dunn, committee member, President Kelly, Miss Wright, Hope Mayor George Frazier and Dr. F. C. Crow, committee member. Another committee member, R. M. Jones, was not present when the picture was made. On behalf of the Kiwanis Club, President Mike Kelly presented flags to Mayor Frazier and Mr. Medders for the city, and a flag each to Hope High School and Yerger High School. In the background is the flag on a staff, the word HOPE growing out of the solid outline of the State of Arkansas, with watermelons, lumber and poultry featured on the right and the date of 1875, the year that Hope was founded, on the bottom left.

## Trees and Power Lines Smashed, Areas Flooded

CHARLESTON, S. C. (AP)—Hurricane Gracie smashed across the South Carolina shoreline today venting its full fury on this historic port city. With the storm's center and its peak winds of 125 miles an hour reported slightly southwest of Charleston, high winds uprooted trees, tore down power and communication lines, and unroofed buildings. Historic structures were damaged. Mountainous waves pounded beach installations from Savannah, Ga., to Myrtle Beach, S. C. High tides ranging up to 11 feet above normal sent waist-deep water coursing through streets here and in nearby communities. The highways and streets were blocked by flood water, fallen trees, tangled power lines and smashed buildings. Metal signs sailed along almost deserted streets. Docks and smaller harbor installations disappeared. An unidentified motorist was killed when his car overturned several times during the storm 10 miles west of Beaufort, S. C. There were no other immediate reports of deaths or serious injuries. The U.S. Weather Bureau at noon said the storm was moving inland at about 14 miles an hour. Hurricane force winds moved inland, along with torrential rains and headed in the general direction of Charlotte, N. C. The Weather Bureau warned that rains would range up to 10 and 15 inches and might cause serious flooding in some areas. Heavy rains were falling in eastern South Carolina and southeastern North Carolina and were expected to move northward. Flooding during past hurricanes frequently has caused greater loss of life and damage than the powerful wind. As Gracie hit the mainland, another hurricane, named Hannah, was piling along at 15 miles an hour 500 miles southeast of Bermuda. Its highest winds were estimated at 85 miles an hour. Gordon Dunn, chief of the Miami Weather Bureau, said it was too early to tell if Hannah would follow Gracie's path and hit the east coast. "We'll be extremely fortunate if she doesn't," he said. The Weather Bureau declared an emergency hurricane warning from Savannah to Wilmington, N. C., with gale warnings from Brunswick, Ga., to Morehead City, N. C. Extremely high tides were forecast from Charleston to Wilmington ranging up to 11 feet above normal. The Weather Bureau said hurricane winds continued to extend some 75 miles north of the hurricane eye and about 50 miles south of it. Gale winds of 40 miles an hour range outward as far as 200 miles. With the urgent warnings of the Weather Bureau, Red Cross and other officials, most residents of exposed areas have evacuated. Most schools along the coast dismissed classes and were opened as shelters for those driven from their homes. In Charleston, famous St. Michael's Episcopal Church, built in 1761 and once the worship place of George Washington, lost part of its steeple. The dock at the Ft. Sumner Hotel where tours depart for historic Ft. Sumter all but disappeared. The Weather Bureau's radar was knocked out of commission. About a third of the city was without power. Hurricane Gracie, labeled extremely dangerous by weathermen, smashed the South Carolina coast early today. Torrential rain, towering waves and winds of hurricane force—74 miles an hour—lashed the coast. Continued on Page Two

## Reds Walk Out of UN Over Tibet

UNITED NATIONS, N.Y. (AP)—The U. N.'s 21-nation steering committee is expected to act quickly on an Irish-Malayan call for a General Assembly debate on Red Chinese oppression in Tibet. But the move is getting a cool reception even from many non-Communists. Ireland and Malaya requested Monday night that the Tibetan question be added to the Assembly's agenda. The Irish expressed confidence the committee would approve despite opposition from the Communists, neutralist and some colonial nations. They feel only the Reds will actually vote against a debate. A U.S. spokesman said earlier the United States would welcome U.N. debate on the Tibetan question. A confidential memorandum accompanying the request was said to cite a message from the Dalai Lama, fugitive ruler of Tibet, declaring that the Chinese Reds are trying to wipe out the Tibetan people. If the steering committee approves the request for debate, the Irish have ready a resolution calling for respect for the "fundamental human rights of the Tibetan people and restoration of their civil and religious liberties." Neutralist nations oppose a debate on Tibet because they feel it will only heighten East-West tensions.

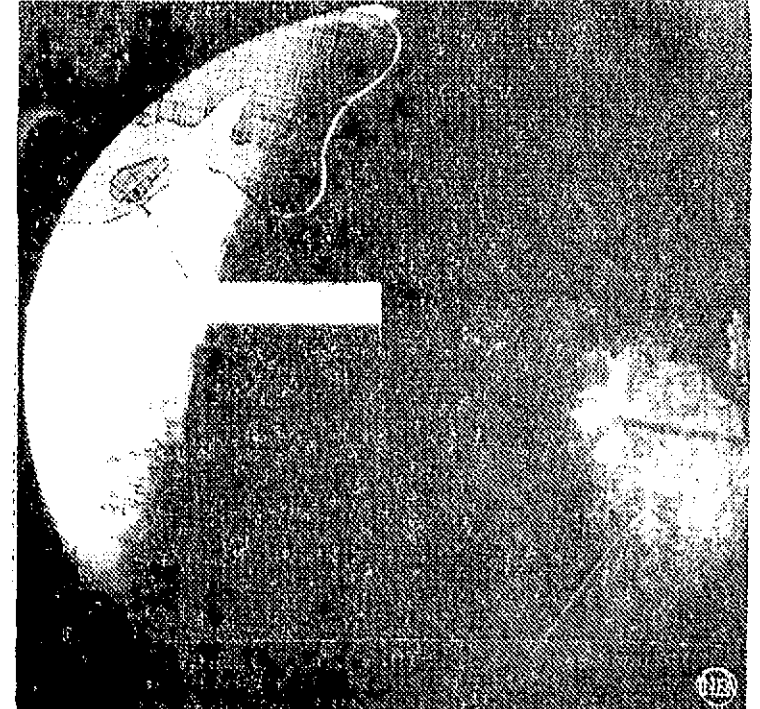

## Consumption of Newsprint on the Rise

HOT SPRINGS, Ark. (AP)—A committee report of the Southern Newspaper Publishers Assn. today said national consumption of newsprint by dailies is on the rise. The report, submitted to a convention of the association, said figures for the first eight months of 1959 indicated that daily newspapers have used 6.9 per cent more newsprint than during last year. "If we were limited to one word to describe the present newsprint situation it would have to be 'improved,'" the report said. T. A. Corean of the Louisville Journal and Times heads the committee. Members include E. W. Freeman Jr. of Pine Bluff. The report noted that "apparently we have lost one battle already—international paper Co. has announced plans for a third (paper making) machine at Pine Bluff but it is to make grades other than newsprint." However, the report said, the overall supply situation was better. Other committee reports were being read. Election of association officers was planned later today. A poll of association members showed that a cross-section felt Soviet Premier Nikita Khrushchev's visit to the United States didn't hurt anything and may help ease world tensions.

## Sen. Gregory Dies at North Little Rock

**Continued from Page One**

LITTLE ROCK (AP) — Sen. Artie Gregory of North Little Rock died yesterday in a Little Rock hospital after a long illness. He was 81.

He had been in the Senate since 1955.

Gregory, a building and trucking contractor, was active in civic matters and fraternal organizations.

Gregory entered the contracting business in 1942 with \$5,000 capital and built his company into a half-million dollar investment in 10 years.

Born in Missouri, he came to Arkansas in 1923 as general superintendent of road and bridge projects for a Missouri paving company.

In the 1938 special legislative session he sponsored Act 19, the controversial teachers' affidavit law.

Gregory was a deacon in the Presbyterian Church. He was past president of the Arkansas General Contractors Assn., the Arkansas Bus and Truck Assn., and the Arkansas International.

Funeral services will be held here today.

Survivors include his widow, a son, Artie Gregory Jr. of North Little Rock, his mother, Mrs. Mattie Gregory of Hemphill, Mo., a brother and two sisters.

**Justice Dept. Set to Act in Steel Strike**

**By NORMAN WALKER**

WASHINGTON (AP) — The Justice Department today was reported gearing for quick action if President Eisenhower decides to invoke the Taft-Hartley law emergency provisions to stop the 77-day steel strike.

The President has called in top industry and union leaders to separate White House conferences Wednesday morning in a final effort to get fruitful bargaining without resort to the Taft-Hartley law provisions.

Officials said privately however they doubt that even a personal appeal from the President will bring the industry and the striking Steelworkers Union from their poles-apart positions.

In that event, Eisenhower is expected to trigger the emergency strike provisions into effect. This would call for naming a fact-finding panel to report on the issues. On receipt of the panel's report, the President could order the Justice Department to seek a court injunction to halt the strike for an 80-day cooling period.

Justice was reported well ahead on its preparatory paper work. It was noted that not only Atty. Gen. William P. Rogers, but the head of his department's civil division, George C. Doub, participated in a White House conference on a steel situation Monday.

All negotiations in the steel dispute are at a standstill. The union scouting report on Texas Christian. First the second units worked in sweat clothes.

Texas A&M also took it easy with only the third team seeing action. It scrimmaged against Mississippi Southern plays. Meeting the Mississippi team at Mobile Saturday night. Fullbacks Gordon Leboeuf and Pete Angermiller and center Larry Broadus nursed injuries but all are due to be ready to play against Mississippi Southern.

At Southern Methodist a check-out showed that Kenny Lowe, the No. 2 quarterback, had a knee injury but probably would be able to play against Navy at Dallas Saturday. The workout was very light.

Rice, which didn't have a game last week, quickly got down to business in preparing for an invasion of the South Saturday. The Owls play Duke at Durham, N.C. and they heard that the Blue Devils are "big, tall and tough" and should have won over Ohio State last week.

Baylor started getting ready for Louisiana State by working hard at sharpening the attack since Coach John Bradders wasn't pleased with the Bear offense against Colorado last week though Baylor won the game.

Texas brushed up on the offense in a controlled type scrimmage with only two members of the top two teams involved. Alternate quarterbacks Mike Cotton and Jim Saxton got into the scrimmage but regular quarterback Bobby Lackey merely looked on. Senior letterman end, Kio Halm, had a knee hurt but may be able to play against California Saturday.

## Trees and Power

**Continued from Page One**

Signs blew down, trees crashed, power lines went out and flood water filled streets in low areas of Charleston and nearby communities. Most exposed areas were evacuated, but many of those remaining were isolated as flood water cut them off.

Heavy snow covered the Rocky Mountain states for the second consecutive day, blanketing the spiny ridge of the Continental Divide in the Plains.

A cold rain changed to snow all along the eastern face of the mountain late Monday night.

The snow left a slushy path for motorists and pedestrians here and at Colorado Springs. Similar conditions prevailed from Cheyenne, Wyo., on the north to Trinidad, Colo., on the south.

The Weather Bureau here predicted continued snow and rain during the day for most of Colorado and Wyoming.

Clearing weather is expected tonight.

The Weather Bureau forecast flooding of coastal lands from sea level to 11 feet or more above normal.

Rain from 10 to 15 inches was predicted for the Carolinas.

Across the country, a band of cold air from the Great Lakes down to Texas barred movement early today of lower temperatures eastward from the Rockies.

West of this band of cold air, "the temperatures were in the 30s and 40s while east of it the readings were mostly in the 60s and 70s," the Weather Bureau reported.

may lead to a summit conference later this year or early in 1960. A series of discussions over the next few weeks will determine whether, when and where a summit conference should be held or alternatively whether the Big Four foreign ministers should meet again soon to reopen negotiations on Berlin.

The British, French and West German ambassadors received an initial briefing Monday.

Macmillan said in London that a summit conference of leaders of the great powers would be held in the near future.

Eisenhower made clear to reporters only that so far as he personally was concerned his requirements for a summit meeting had been substantially met.

But diplomatic officials said that while they expect a summit meeting will be held, a final agreement and arrangements still have to be worked out.

Eisenhower's chief objection to going to the summit was the expected threat of Khrushchev's threat, to take steps which would jeopardize the security of West Berlin and of the continent of U.S. British and French troops stationed there.

The President said at his news conference Khrushchev had lifted the threat and in fact had stated emphatically "that never had he any intention to give anything that was to be interpreted as duress or compulsion."

As the communique ending their camp David talks disclosed, the two men agreed on reopening of negotiations for the settlement of the Berlin problem.

In addition, Eisenhower said Khrushchev and the agreed that, in the President's words, "These negotiations should not be prolonged indefinitely but there could be no fixed time limit on them."

Eisenhower and his advisers considered Khrushchev's agreement to negotiate without a deadline as the agreement which effectively ended the crisis raised by Khrushchev last November.

## Garage, Cars Burn at Camp Robinson

NORTH LITTLE ROCK (AP) — A big maintenance garage and several automobiles were destroyed last night in a fire at nearby Camp Robinson.

There were no injuries.

An Arkansas National Guard spokesman said the fire apparently was started by lightning. A severe thunderstorm was in progress at the time and a guardman who lives near the scene said he saw the flames after hearing lightning crash.

Three late model sedans used by the Army Recruiting Station and an undetermined amount of equipment were burned. Nearby, about 4,000 gallons of aviation fuel was stored underground.

A section of north Arkansas was under a severe weather warning for several hours yesterday but no damage was reported.

## Driver Accidentally Shoots Himself

LITTLE ROCK (AP) — A truck driver accidentally shot and killed himself here last night while demonstrating the safety features of a .45 caliber automatic pistol, police reported today.

Dead is Charles Lawson, 28, a former resident of Jonesboro.

Detectives summoned by a roommate said the found Lawson on a couch and the pistol on the floor near him.

He was taken to a hospital where he was pronounced dead on arrival.

The roommate, Willis Richey, told the officers that Lawson had been playing with the weapon and showing the safety features to a girl friend when it discharged. A bullet struck Lawson in the head.

Survivors include the parents, Tom Lawson of Jonesboro and Mrs. Irene Dillard of Harrison and two step-brothers.

The body will be taken to Jonesboro for burial.

## Poll Tax March Is Planned by Negroes

LITTLE ROCK (AP) — A "Poll Tax March" is scheduled tomorrow night by the State Non-Partisan Voters Assn. to obtain 10,000 qualified Negro voters in Arkansas for bench and coastal city residents.

Military installations — notably Shaw Air Force Base at Sumter, S.C.; Myrtle Beach Air Force Base, S.C. and Seymour Johnson Air Force Base, N.C. — moved their aircraft inland.

Gracie blew up far out in the Atlantic several days ago. She fiftailed back and forth, at one time headed for open sea, then turned back. She seemed ready at one point to break up into gales and dissipate.

But Gracie hung on, and slowly gathered force. By Monday morning her winds had revved up to 100 miles an hour.

The Weather Bureau tagged Gracie "an extremely dangerous hurricane" and warned residents of islands and low lying areas to evacuate early, to avoid loss of life and hold down property damage.

Gracie began lashing Savannah, Ga. 80 miles southwest of Charleston, with 45 to 50 mile an hour winds Monday night.

Savannah lies at about the midpoint of a gentle inward curve formed by the coastline from Florida up to the Virginia capes. Once a storm points for that curve, it has a lot of target area.

members of the Brown-Lochhart  
wedding party with a rehearsal  
dinner on Sept. 26 at the Diamond.  
White roses in silver bell-like con-  
tainers, English Ivy, and green  
grapes decorated the serving  
tables. It was at this dinner that  
the engaged couple, Miss Lynn  
Brown and James M. Lochhart,  
presented gifts to the members of  
the wedding.

Appropriately designed cards  
marked the places for about 30  
guests including the wedding party,  
their husbands or wives, parents of  
the honored couple, the Rev. and  
Mrs. Rufus Sorrells, and Mr. and  
Mrs. Manuel Hamm.

a "pink and blue" shower for Mrs.  
J. B. Henry of Texarkana. Roses,  
lilies, and clever decorations carry-  
ing out the theme of "new baby"  
were seen throughout the Tipton  
home, where the party was held.

The "blessed event" was also the  
subject of several games played  
by the guests. Then, Mrs. Henry  
was presented her many useful and  
pretty gifts. Dessert and tea or  
coffee were served to 28, including  
Mrs. Bert Henry of Texarkana.

**Brands Nixon  
as Wanting  
a Cold War**

By JACK BELL  
WASHINGTON (AP) — Nikita  
Khrushchev appears to have nomi-  
nated Vice President Richard M.  
Nixon as one of the Americans  
he says do not want to end the  
cold war.

The Soviet Premier left the  
broad implication in his Moscow  
homecoming speech that he re-  
gards Nixon as aligned with what  
he said are U.S. forces working  
"against easing international ten-  
sions."

While he praised President Eise-  
nhower for his "statesmanship,  
wisdom and courage" and as a  
man who wants peace, Khrush-  
chev said a speech Nixon made  
in New York Sept. 14 "was not  
of a healing nature."

"He added cold to 'toothache,'"  
Khrushchev said.

Nixon told the American Dental  
Assn. the day before the Presi-  
dent's arrival in this country that  
while Americans should be con-  
scientious about dental health,  
they should not become too  
back to him on major controver-  
sial issues.

Nixon publicly ignored Khrush-  
chev's comment, and apparently  
it did not disturb friends who are  
backing him for the 1960 Repub-  
lican presidential nomination.

The Nixon camp seemingly is  
happy to have their man talked  
tough as one of those who talked  
tough to the Premier in Moscow  
and didn't let down his guard  
when Khrushchev put on his al-  
for-peace campaign in touring this  
country.

Miss Waunzelle Rose Cornelius  
Becomes Bride of Thomas Allen  
LaGrone in Pentecostal Church

Lovely in its simplicity was the  
wedding of Miss Waunzelle Rose  
Cornelius, daughter of Mr. and  
Mrs. Luther L. Cornelius of this  
city and Thomas Allen LaGrone,  
son of Mr. and Mrs. Emory La-  
Grone of Logansport, La.

The Reverend B. W. Lane offici-  
ated at the wedding ceremony in  
a setting of candlelight, greenery  
and white Gladioli at the First  
Pentecostal Church, Saturday af-  
ternoon, Sept. 19 at 4 o'clock.

Nuptial music that played during  
the service was provided by Miss  
Louise Lively at the piano.

Preceding the ceremony, Miss  
Sue Lane sang a solo entitled "To-  
gether Life's Pathway We Tread."

Given in marriage by her father,  
the bride was gown in nylon  
tulle over taffeta. The dress was  
designed with a molded lace bod-  
ice and embellished with a full bal-  
lerina length skirt, and the fitted  
sleeves ended in points on her  
hands.

Her short veil fell from a single  
row of flowers making the head  
band.

The bride carried a white Bible  
topped with white feathered ear-  
nations.

Miss Sue Lane of Hope was the  
bride's maid of honor. She was at-  
tired in a street length dress of  
blue taffeta with a fitted lace bod-  
ice and bouffant skirt. She carried  
a crescent bouquet of pink feath-  
ered carnations.

Serving his brother as best man  
was Doyle LaGrone of Longview,  
Texas.

For her daughter's wedding,  
Mrs. Cornelius chose a raspberry  
Shantung dress with black acces-  
sories and the corsage at her  
shoulder was a large orchid dahlia.

Mrs. LaGrone, mother of the  
groom, wore a turquoise blue dress  
with black accessories and her  
flowers were white pom mums.

Following the ceremony the bride  
and groom greeted the receiving  
line near the front door of the  
church.

Mrs. LaGrone is a graduate of  
Guernsey High School.

Mr. LaGrone is a graduate of  
Carthage Texas High School and  
attended Mapola College in Carth-  
age.

Out of town guests for the oc-  
casion was Mr. and Mrs. E. G.  
Hart, Barry and Scott of Marshall,  
Texas, Mr. and Mrs. Doyle La-  
Grone of Longview, Texas.

The couple will make their home  
in Carthage, where the groom is  
employed.

## Stephens Resigns From MOP Board

LITTLE ROCK (AP)—The head  
of Stephens, Inc., Jack Stephens  
of Little Rock has resigned from  
the Missouri Pacific Railroad  
board of directors.

Stephens, Inc., recently sold a  
50,000-share holding of Mopac  
stock. Jack Stephens retains 2,500  
shares.

No date was fixed in his letter  
of resignation to MoPac President  
Russell Dearmont.

Stephens said he couldn't "get  
integrated with that board." Sev-  
eral changes which he proposed—  
including moving Mo Pac head-  
quarters to Little Rock — were  
not adopted.

## New Find Adds to Woes of Space Travel

WASHINGTON (AP) — A third  
belt of intense radiation around  
the earth has been discovered by  
America's paddle wheel satellite.  
It adds a potentially dangerous  
new hurdle for any future space  
traveler.

The new radiation belt is closer  
to the earth than the two pre-  
viously discovered Van Allen belts  
and it is not as thick.

"You wouldn't want to orbit a  
satellite at that altitude, and if  
you did it would get pretty con-  
taminated," said Dr. John Sing-  
mon, University of Chicago physi-  
cist.

But since the third belt is only  
310 miles thick, he added, it would  
mean "just a flick of the meter,"  
as a space vehicle shut through  
it. It starts 1,000 miles above the  
earth.

The outermost Van Allen belt—  
they are named for their discov-  
erer, Dr. James Van Allen of the  
University of Iowa—extends from  
6,000 miles to 12,000 miles above  
the earth.

The second Van Allen belt starts  
at 1,400 miles and extends to 3,400  
miles.

## Trouble Halts AF Try to Fire Missile

WASHINGTON (AP)—The Air  
Force was reported today to have  
been blocked by technical trou-  
bles in an attempt to launch a  
ballistic missile from a bomber  
in flight and put it close to the  
orbit of the Paddle Wheel satel-  
lite Explorer VI.

A source close to the experi-  
ment said the missile was carried  
high over Florida during the ear-  
ly morning hours but the launch-  
ing was called off after half an  
hour.

## Opening Victory Makes Dodgers Confident

By JOE REICHLER  
Associated Press Sports Writer

LOS ANGELES (AP)—The quietly confident Dodgers, with one playoff victory already in the bag, returned to Los Angeles today. They need only one more triumph over defending champion Milwaukee for their first National League pennant since 1955.

A 3-2 victory in Milwaukee Monday, Dodger manager Walter Alston appeared to be in the driver's seat. He had his ace, Don Drysdale, set to pitch the second game of the best-of-three against the Braves, a team he has beaten 11 times in 15 lifetime decisions.

Even if the Braves should upset the odds and hang a defeat upon the redoubtable Dodger right-hander, Alston still has Roger Craig, currently the hottest pitcher on his staff, for a payoff game Wednesday.

Manager Fred Haney in a last-ditch battle to keep the Braves flickering hopes alive, also went with his best right-hander, Haney pinned his hopes on Lew Burdette, a 21-game winner. The game was scheduled to start at 4 p.m. Eastern Standard Time with ABC television coverage.

Haney, whose theme all season long was "we'll play them one at a time," declined to say who would pitch the third game should the Braves pull even but it was regarded as a certainty that his choice would be Bob Feller, a Dodger tamer from "way back."

Haney gambled and lost in the opener although he got a well-pitched game from Carl Willey, who has won only five games all year.

Fred had been expected to open with Burdette but a look at the past performance sheet shows why he didn't. Figgery Lew has a 2-11 lifetime record against the Dodgers at Milwaukee. He is 2-3 against them at Los Angeles this year.

A crowd of 30,000 or more was expected to turn out at the Coliseum, where day games are a rarity. If the game were to be played at night it is conceivable that close to a sellout crowd of 90,000 would attend in the hope of seeing the Dodgers finally win a playoff after two previous failures.

## Texas Only SW Team Still in Ratings

By WILL GRIMSLEY  
Associated Press Sports Writer

Louisiana State's defending national champions clung tightly to their No. 1 position but the rest of the top ten underwent a spirited shakeup today in the second weekly Associated Press college football poll.

Northwestern wrestled the runner-up spot from its Saturday victim, Oklahoma, and Oklahoma dropped from sight. The Sooners, beaten 45-13, weren't listed among the first 20 teams—their lowest estate in years.

Meanwhile, Iowa, Georgia Tech, Notre Dame, Tennessee and Texas moved into the select group. Auburn, Southern Methodist, Wisconsin and Texas Christian—like Oklahoma—tumbled.

Mississippi, 16-0 victor over Kentucky, jumped a rung to No. 3 position, followed by Army, 44-8 conqueror of Boston College, and Iowa, which crushed California 42-12.

Clemson, easy 47-0 winner over Virginia, dropped from fifth to sixth for no apparent reason and then came another Southern power, Georgia Tech, 16-12 upstart of Southern Methodist. Clemson and Tech met Saturday.

Notre Dame, which smashed North Carolina 28-8 under new coach Joe Kuharich, took seventh place. At No. 8 was Tennessee.

## Kennel Club Seeks to Regain Franchise

LITTLE ROCK (AP)—An appeal has been filed in Pulaski Circuit Court by the Hot Springs Kennel Club, Inc., seeking to recover its franchise for a dog racing track.

A petition for a writ of review would, if granted, bring before the court records of a state Racing Commission hearing on the case.

The commission withdrew the franchise because of internal dissension over control of the club. Recently, in confirming its withdrawal action, the commission criticized some Kennel Club stock dealings.

The petition charged that the commission's reasons for denying reinstatement of the franchise were "either non-existing or frivolous and illegal." It said the commission was taking the club's property without due process of law by canceling the franchise.

which ended Auburn's prolonged unbeaten streak 3-0, and Texas, which rolled over Maryland 26-0.

LSU 10-0 winner over Texas first place votes from the country's sports writers and broadcasters and amassed a total of 794 points—well below last week's 1,105.

## Picks Bobcats to Bounce Back Friday Night

By WICK TEMPLE  
Associated Press Staff Writer

It'll be a fat Friday for Arkansas high school football fans. Crucial games are scheduled in the Big Nine and in all four Class AA regions.

Here's the thumbnail forecast. Big Nine: Unbeaten, untied, unscored-on El Dorado roars to its fourth straight victory despite a gallant effort by North Little Rock, Pine Bluff, Central and Hall win, too.

1AA: Fayetteville wins a big one from Rogers. Springdale also gets a conference victory.

2AA: Unbeaten Forrest City, still the class of the region, beats Helena to clear a big hurdle. Newport and Paragould win league games.

3AA: Little Rock Catholic edges surprising Benton in the AA game of the week. Conway wins, too.

4AA: Smackover rolls on toward an Oct. 11 meeting with Crossett with a victory over winless Magnolia. Arkadelphia scores a league victory.

Last week's rainy weather clouded the crystal ball since some of the games' outcomes were obviously affected. In 74 prep games, there were 34 shutouts and two scoreless ties.

Here's this week's forecast in detail: (Team records in parentheses)

El Dorado (3-0) 19, North Little Rock (2-1) 0. North Little Rock missed its chance last week when it lost to Hall 14-12 in the rain. El Dorado has size and speed over the central Arkansas team.

Pine Bluff (2-1) 27, Blytheville (1-1) 7. The Chiefs don't have the manpower to stand up to the Zebras. Pine Bluff should be on its toes after last week's 14-12 loss to Fort Smith. Quarterback Gordon Guest will be Blytheville's undoing.

Hall (3-0) 19, Texarkana (1-2) 7. The Razorbacks should be rested after a week off. But the unbeaten Warriors show too much class and depth. A good night for Hog fullback Mike Edwards could make a difference, though.

Central (1-0) 25, Hog Springs (0-2) 5. The Trojans have lost two straight by only 7-0. Central quarterback Claude Fulton and the monstrous Tiger defensive line figure on ending that string.

Fort Smith (2-1) 26, Subiaco (1-2) 0. A non-conference breather for the hard-working Grizzlies. North Little Rock blasted Subiaco 20-7. Coach Bill Staniel will be trying to build Fort Smith up for next week's meeting with Central.

In Region 1AA: Fayetteville (3-0) 22, Rogers (2-1) 7. Fayetteville's new quarterback, Bill Ferrell Jr., played his first full game last week when the Bulldogs beat Subiaco, 6-0. He replaced injured Boyd Ray Bailey. This week the Bulldog offense should jell better.

Springdale (1-3) 13, Van Buren Harrison (2-0-1) 13, Russellville (3-0) 7.

In 2AA: Forrest City (3-0) 19, Helena (2-0-1) 6. Forrest City hasn't lost a conference game since 1954. And then, too, it has quarterback Donnie Kessinger.

Newport (0-1-1) 12, Jonesboro (0-2-1) 0. Paragould (0-2-1) 7, West Memphis (1-2) 0. Stuttgart (2-1) 20, DeWitt (0-2-1) 0.

In 3AA: Catholic High (2-1) 14, Benton (3-0) 4. Catholic beat highly-regarded Malvern last week, 27-0. Benton has beaten Stuttgart and Hot Springs in two straight weeks, both by 7-0. One of the best AA games of the year. But Catholic has the size and Larry Hoyt, who ranks with Kessinger as AA's best quarterbacks.

Conway (2-1) 26, Jacksonville (1-2) 12. Morrilton (1-2-1) 19, Clarksville (2-0) 7.

In 4AA: Smackover (2-1) 25, Magnolia (0-3) 6. Smackover has beaten two good ones in Hope and Fairview. Magnolia hasn't shown as yet.

Hope (1-2) 13, Ouachita Parish, La. 0. Camden Fairview (1-2) 22, Monticello (0-2) 6. Arkadelphia (2-1) 18, Camden (0-3) 13.

**Porkers Told TCU Has Lot of Depth**

FAYETTEVILLE, Ark. (AP)—Coach Frank Broyles puts his Arkansas Razorbacks to work against Texas Christian University of offenses and defenses today.

Scouting reports indicate the Hogs have a real test upcoming here Saturday against the Frogs. "You can't make mistakes," said Coach Wilson Matwees, who scouted TCU against Kansas and Louisiana State. "They have a good team and they can beat you. Any number of ways."

TCU has tremendous depth. Matwees said, an experience at every position. One of the chief threats, 183-pound fullback, a fullback, 208-pound fullback. "It will be the test," Head Coach Frank Broyles says of the game.

Broyles expects to have first team fullback Joe Paul Albert back this week. Albert, out with a sprained ankle for the Oklahoma State game last Saturday, was replaced by sophomore Curtis Cox.

# Mississippi Court

ON, Miss. (AP)—The Mis-  
sissippi Supreme Court ruled  
that Southern Bell Telephone  
Company's 2 1/2 percent rate  
increase was not a public  
utility rate increase.  
  
The court ruled it had  
error in upholding the  
Public Service Commission.  
The company's earnings were  
high without the increase.  
The court gave no written rea-  
son for its decision to overrule  
the decision of error filed by  
Bell. Justice Robert G.  
Handman down the deci-

the increase has been in  
effect since June, 1956.  
The court action means the  
company must refund addi-  
tional money collected under the in-  
crease.

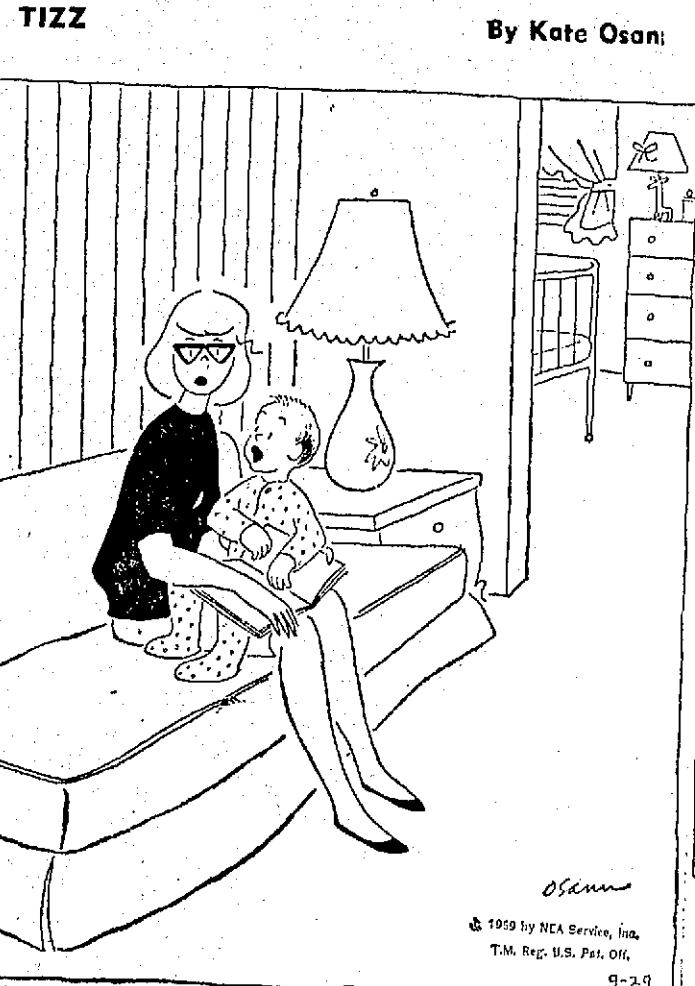

Johnson Jr., chairman  
of the public service commission,  
said the company must re-  
fund 9 million dollars to  
the state in funds collected under  
the increase and the 6 percent  
must pay on such
